cordially invites Women Activists from the North West
to a one day Conference on

10.00am to 3.00pm

at

THE MECHANICS CENTRE Manchester

The **Conference** is designed to help you to discuss and examine how - in times of recession - women have to balance their work and daily lives. As the cuts start to take effect it has been proven that they are impacting more on women than anyone else. Unemployment is at a record high, with around three quarters of a million children living in poverty in Britain today. We will discuss women's role and lives during times of recession and examine their part in bringing about change as well as considering the contents of a Survival Guide to help women deal with the impact of the changes

The day will consist of:

- Guest speakers and workshops on:
 - Pensions
 - Know your rights
 - The impact of the cuts
 - Funerals and wills

You will be able to:

- Network with others
- Exchange good practice
- Receive information on the economy and the role of Unions
